RIDGEWAY HOTEL, Prop. ma12-2m

## FILTER INSPECTED.

## Delegates From American Water Works Association Here to See It.

A Party of Engineers and Water Works Men Visit Norfolk's Filter Plant—What They Said of It—Pumpage for the Last Fiscal Year.

Norfolk's system of filtering city water came in for a great deal of praise and admiration yesterday from the best authorities on the subject in all parts of the country. A party of civil engineers and gentlemen connected with various water supply systems visited Norfolk yesterday on their way home from the meeting of the American Water Works Association, which has been taking place in Richmond.

The object of the visit was to see for themselves Norfolk's new filter plant, which has gained for itself such a wide reputation. They saw, they said, for the first time in their lives, anything like it for completeness of result.

At the meeting of the American Water Works Association in Richmond, Mr. Edwin B. Weston, of Providence, R. I., who is connected with the New York Filter Manufacturing Company, read a paper describing in full the filter plant which was put in at the Norfolk water works nearly a year ago. So much interest was manifested by the delegates in the matter that it was decided to make the stop over here for the purpose of personally investigating a system that was working such excellent results. Accordingly the party was made up, and by the courtesy of the city water department, spent a very pleasant time examining the filter. All agreed in pronouncing it the best and most complete cleansing system they had ever seen in any part of the country. Our water, in its natural state, is much more deeply colored than any other city water throughout the country. The filter removes fully 94 per cent. of the coloring matter. Such a result as this the visitors had never before seen, and their admiration was unfeigned. And not alone the filter, but the entire plant of the water works and the pumping system were inspected, and won much hearty approval. After lunching at the works, and enjoying a very pleasant social time, the party was driven back to the city.

Some of the gentlemen in the party were Chief Engineer Harmany of the Louisville (Ky.) water works; Mr. Thomas N. Hooper, vice-president and general manager of the Davenport (Ia.) Water Company; Messrs. Charles Wilson and Edwin H. Weston, of the New York Filter Manufacturing Company.

## PUMPAGE.

In this connection it is of interest to mention that for the fiscal year ending June 30th, 1899, the total pumpage was 1,562,766,700 gallons, an increase of 2.3 per cent. over that of the previous year, of which 60.5 per cent. was taken from Lakes Lawson and Smith, 16.5 per cent. from Lake Bradford, 17.5 per cent. from Lake Wright, and 11.5 per cent. from Lake Wright. No water having been pumped from Lake Ballentine.

During that year also a line of thirty-inch terra cotta pipe was laid from the pump well to the rain water reservoir, with a gate valve on the end in the well. A thirty-inch line laid to the filtered water reservoir, so that either rain or filtered water may flow into the well. Brick pillars were built in the rain water reservoir to support suction pipes, and brick walls around the end of the thirty-inch terra cotta pipe, with brass screens placed to prevent fish from getting into the pump well. A thirty-inch cast iron delivery pipe was laid from the end of the conduit, at the east end of the filter building, to the filtered water reservoir, to deliver the filtered water.

## Sturgeon Roe.

Messrs. Fuerstein & Co. shipped this week to Hamburg ten cogs of sturgeon roe, for which he expects \$1,000. From one large fish he took forty pounds of roe, which brings on his market seventy cents per pound. A barrel of sturgeon roe looks very much like a barrel of shot. It is, however, a very delicious dish when prepared in the form of caviar.

## WIFE AND SERVANT

Adopt a Change of Diet.

A minister gives his experience with coffee drinking and its effect on his health, but requests that if his name be used, his residence be omitted, and only furnished in reply to inquiries that may be addressed to the Postum Cereal Co., Ltd., at Battle Creek, Mich.

He says he had catarrh of the stomach and dyspepsia, caused by drinking coffee. By advice of the physician, he left off coffee for a few years and drank hot water. "In visiting one of the homes of my congregation about a year and a half ago I was introduced to Postum Food Coffee, the lady of the house saying that tea and coffee had very badly affected a daughter, and that since she had quit them both and used Postum Food Coffee she was very much improved in health.

"I tried a cup of it and found no bad effects following. On my return home I got a package and enjoyed its use very much better than either tea or coffee. It having none of the harsh taste of these beverages, I took to using Postum both morning and night, and found it benighted me in a most marked way.

"Our children enjoy it, and keep healthy and well. My wife and the servant have both stopped the use of coffee and enjoy Postum better than the former. As you will observe, the entire family have been improved in health by making the change." The minister's name is Rev. David T. Robertson.

Postum Food Coffee has a well-defined work in rebuilding the nervous system that has been broken down by the use of coffee. This is particularly noticeable in highly organized individuals. The Postum is made from pure grains, and selected parts that contain phosphate of potash, are used. The delicate particles thus obtained from nature are known by chemists to unite with the albumen of food, from which the gray matter that fills the brain and nerve centres is made. There is a true and scientific reason why Postum Food Coffee strengthens the user, both mentally and physically, and these facts can be proven in any case where a trial of ten days or two weeks will be given.

## DIVINE SERVICES TO-DAY.

The Methodist, Presbyterian, Lutheran, Christian, Church of Christ (Disciples) and Christ Scientist publish their hours of Sunday services in Saturday's issue of this paper.

## PROTESTANT EPISCOPAL.

Christ, corner of Freemason and Cumberland streets. Rev. Dr. Carl E. Grammer, rector. Morning prayer and sermon at 11 a. m. Evening prayer at 5 p. m.

Burrows Memorial, Lambert's Point—Preaching by the pastor, Rev. George W. Cox, at 11 a. m. and 8 p. m.

## CHRISTADEPHAN ECCLESIA.

Hall, corner of Brambleton and Mall by avenues—Services at 11 a. m.

## THEY INCREASE FAST.

## New Lines of Steamers Coming Into This Port on All Sides.

Two Big Oceanic Lines Just Equipped—State Ferry Company's Broad Charter—New Companies Chartered by the Recent Legislature.

The recent past has seen many new steamship lines enter this port, and the near future promises to witness other steps forward in this line. During the recent additions in this respect is notable the Norfolk and West India Fruit and Steamship Company's line and the new Hudson line from Norfolk and Richmond to Rotterdam, Amsterdam and other ports in that part of the world.

The last Legislature granted several charters to companies which were incorporated for the purpose of starting steamboat lines in this section of the State. One of these was the State Ferry Company, with a capital stock of \$10,000. It has one of the broadest charters ever granted to a steamboat company. It is empowered to maintain and operate lines anywhere in the James and Elizabeth rivers and in Hampton Roads. Officers will soon be elected and steps taken toward equipping the steamers, probably the first line being between Newport News and Smithfield.

Another steamboat line, about which nothing has ever been published, was chartered by the last Legislature. This is the Smithfield and Norfolk Steamboat Company, with a capital of \$30,000. It has the privilege of stopping at Newport News and other intermediate points. Smithfield and New York parties are interested in this company.

According to rumors this summer will see several other lines in operation in these waters. There is the Old Point, Newport News and Sewall's Point Line, the Pig Point Ferry, the Crittendon-Newport News steamer line, the new Claremont-Richmond-Norfolk line and one or two others.

## WONDERFUL FINANCING.

CAPITAL STOCK OF THE SEABOARD AIR LINE—MARCH MEETINGS.  
The Philadelphia Price Current says: "The Seaboard Air Line is about to do some wonderful financing. A mortgage has been filed at Richmond, Va., for \$75,000,000 gold bonds, 4 per cent, fifty year. Of this amount some \$11,000,000 is to be issued at once, while \$15,000,000 is to remain in the treasury for future purposes, and \$24,000,000 is to be laid aside for funding or acquiring the bonds of other companies whose lines form part of the great system. The present capital stock of the Seaboard Air Line is \$25,000,000 preferred and \$37,500,000 common stock, in addition to the mortgage. When the matters are all arranged, according to a statement from President Williams, the total outstanding stock of all kinds will be down to about \$44,000,000. The earnings for the year ending March amounted to \$9,400,000 gross, while the net earnings were \$2,860,000.

## U. C. V. ATTENTION.

## General Gordon Speaks About the Coming Reunion at Louisville.

A Great "Confederate Arch" in Honor of the Soldiers of the Confederacy—Sham Battles—All the Old Veterans—"The Men Behind the Guns" Will Be Well Cared For.

The Virginian-Pilot yesterday received the following relative to the coming Louisville Re-union that will be read with great interest:

"The Re-union of the United Confederate Veterans will be held at Louisville, Ky., on May 30th-31st and June 1st, 2d and 3d, Wednesday, Thursday, Friday, Saturday and Sunday, respectively.

"The Re-union Committee is a body of distinguished Confederate soldiers, who as soldiers, know what is due to the old Veterans of the South; and as Kentuckians, know how to dispense to the large number of officers, battles and other guests who will honor them with their presence that genuine hospitality for which they have a world-wide reputation.

"Their first care will be for the comfort and pleasure of the private soldiers, the men who stood in the trenches and held the guns, they come first, and everything else comes second, subsidiary to their comfort and welfare.

"After they are provided for, then the Re-union Committee will see to it, that all of the officers, sponsors, maids of honor, Sons of Veterans, Daughters of the Confederacy, and visitors of all classes will receive that attention and hospitality for which the citizens of Louisville are so justly noted. A grand Re-union Hall, a magnificent structure, has been built right upon the banks of the Ohio river, where our business will be transacted.

"A 'Great Confederate Arch' has been erected in honor of the Confederate soldiers, and the city will be covered with flags and hunting by day, and at night will be a blaze of light, as the principal streets will be illuminated with red and white arches from which will be suspended the names of some of our illustrious dead in electric colors.

"Many pleasures and entertainments will be given, some of which are barbecue, basket picnics; sham battle re-enactments, the battle of Perryville; representation of the famous battle of Fort Donelson, where 7,000 cannons will be fired; excursions up and down the Ohio river; receptions tendered the sponsors and maids of honor by the Albert Sidney Johnston Chapter 'Daughters of the Confederacy'; a grand ball to be given in the Confederate Re-union Hall, and many other amusements and entertainments, to nearly all of which the old veterans are invited free. A band will be stationed at each division headquarters for use from the time of the arrival of the veterans and retained until their departure.

"All department, division and brigade commanders while in Louisville will have free use of the Postal and Western Union telegraph on business connected with Re-union matters.

"There will be no Confederate Hotel as formerly, but meal-tickets will be issued to those not able to pay, and free cots will also be supplied to them.

"Our annual parade will take place as usual; the order of march will be announced just previous to the assembling of the convention.

"The oration will be delivered by Rev. Dr. B. M. Palmer, of New Orleans, La., the celebrated Soldier-Divine, whose ministrations during the war were with the Army of Tennessee.

"Hon. Jas. H. Berry, Senator from Arkansas, will deliver an address upon the second day, solely upon 'Incidents of the War.' Hon. Geo. H. Evans, Mississippi Department During the War."

"Rev. Dr. J. Wm. Jones, of the Army of Northern Virginia, Chaplain General of the U. C. V.'s, will deliver the 'Memorial Sermon' in the Re-union Hall on Sunday, the third day of June. The splendid Re-union Committee will see that nothing is omitted, and the abundance and completeness of all their arrangements is a guarantee that all who honor Louisville with their presence will be gratified with their reception and pleased with the attention which these people so well know how to show to the guests within the gates of their hospitable city.

"By order of  
"J. B. GORDON,  
"Commanding General.  
"GEO. MOORMAN,  
"Adj't Gen'l and Chief of Staff."

## Laid to Rest in the Same Tomb.

The obsequies of Robert and Virginia Eberly, the 3-months-old twins of Mr. and Mrs. Charles S. Eberly, of No. 8 North street, who departed this life suddenly Thursday afternoon, were held at the grave in Elmwood Cemetery at 10:30 a. m. yesterday. The burial rites of the Episcopal Church were performed by the Rev. Dr. B. D. Tucker, of St. Paul's Church. Both bodies were committed to the same tomb.

## Ten Round Prize Fight.

Arrangements are being made by local sports to pull off a bout between Nathan Jacobs and McGuire, both of whom are clever local boxers. A ten round match is contemplated. It is said an effort will be made to have the boxing match in Armory Hall. If permission is secured it is intended to have two bouts between lesser lights in the pugilistic arena preceding the Jacobs-McGuire fight.

"Dilutories Give Way to Diligence," and all blood humors disappear when Hood's Sarsaparilla is taken. It purifies, enriches and vitalizes the blood, cures that tired feeling and tones up the whole system. Take it now.
